INTRODUCTION

This Employee Handbook has been developed by THE DISTRICT to provide employees and potential employees with essential information that promotes a positive work and learning environment. For further discussion regarding any of the contents in this Handbook you are highly encouraged to review THE DISTRICT’s Personnel Policies and Procedures Manual (Index Series 200) and THE DISTRICT’s Collective Bargaining Agreement (Posted on the HR Web Page). WORKING IN OUR DISTRICT

Over five hundred people work in the Bernalillo Public School District. Whether we work in the classroom or provide support services our efforts are essential to the success of our students. This section of the handbook outlines the various employment processes in our district to ensure that we have a common understanding of these important guidelines and policies.

Equal Employment Opportunity

Bernalillo Public Schools is an equal opportunity employer. Accordingly, the school district makes diligent efforts to assure that all personnel actions, such as recruitment, job advertising employment, rates of pay or other forms of compensation, promotion, transfer, demotion, layoff, termination, discharge, selection for training, discipline, application or the terms and conditions of employment will be administered without regard to race, color, religion, age, sex, handicap, national origin, ancestry, pregnancy, physical disability, marital status, sexual orientation or political affiliation, except where age, sex, or type of handicap is a bona fide occupational qualification.

Qualifications for Licensed Employees

All persons employed to administer, teach, supervise, counsel or provide instructional services in THE DISTRICT of Bernalillo Public Schools must hold a valid license or certificate or have submitted a complete application for licensure or certification within thirty (30) days from beginning employment duties. Licensure must be provided to HR within 60 days of employment. Failure to present such license within the prescribed time leads to forfeiture of all claims to compensation rendered thereafter.

All additional hours and degrees earned during the summer and all completed paperwork must be in the Office of Human Resources by October 1, to be considered retroactively for salary purposes for that school year. All submissions after October 1st will be effective starting the date of receipt.

Professional Support for New Teachers

At Bernalillo Schools we are committed to making our district a great place to teach and to learn. To support our new teachers we offer the following services:

Mentor Program

All new teachers are assigned a peer mentor to provide them with professional support. The mentor assists the new teacher in learning about school procedures, and about the essential instructional priorities of the District. The mentor serves as a “professional friend” who provides ongoing support during the first year of teaching.

New Hire Training

The district arranges ongoing training of new hire teachers in areas deemed essential to their success. The Deputy Superintendent’s Office will advise new hire teachers of available training programs.

Job Descriptions

The Human Resource office maintains a listing of all job descriptions. The purpose for the job descriptions are to

1. Assist employees to meet their duties and responsibilities,
2. Assist you and your supervisor in the employee evaluation process,
3. Encourage the cooperation and collaboration among and between employees needed for maximum efficiency and effectiveness in achieving the work of The District, and

4. Assist the District in meeting its responsibilities under the Americans with Disabilities Act. The job descriptions are not intended to include all responsibilities assigned to an employee. The District reserves the right to change job descriptions.

Reasonable Accommodation of Individuals with Disabilities

THE DISTRICT makes reasonable accommodations to qualified employees with disabilities for the performance of essential job functions without undue hardship on the District in accordance with ADA. Accommodations are reviewed on a case-by-case basis. All employees must be able to perform essential job functions with or without accommodations.

Evaluation of Employees Philosophy of Staff Evaluation

THE DISTRICT recognizes that its employees are the district's greatest assets. The goals of our evaluation process are to improve the quality of education for our students and to provide a foundation for District decisions related to the continued employment of employees.

THE DISTRICT provides a system of periodic evaluation for all employees of the school district, with written reports prepared and reviewed with each employee and kept on file in the Human Resources office. No evaluation report will be placed in your file without review and discussion between you and your supervisor. If you disagree with the contents of the evaluation report, you may submit a written rebuttal to be attached to the report and kept on file. A rebuttal must be submitted within ten school days of the evaluation review.

The Hiring Process

As provided by law, the employment, re employment, transfer, discharge and termination of employees is the responsibility of the Superintendent.

Hiring Committees and the Hiring Process

Interview Committees are established at school sites and/or at specific departments to assist in the interviewing of personnel. Hiring committees may include one or more representatives from the following groups:

- Administrator
- Certified Employee
- Classified Employee
- Parent
- Student (optional for higher grades)

The Hiring process includes:

1. Posting of job vacancies - Vacancy postings are distributed to all schools and departments on the BPS website.

3. The Interview - The interview committee will interview applicants selected from the screening process.

The responsibility and authority to accept or reject recommendations rests with the Superintendent.

EMPLOYMENT, DISCIPLINE, TERMINATION, AND DISCHARGE

Applicant Background Investigations

The District will conduct work and education background investigations on all applicants recommended for employment with the district.

Criminal Background Investigations

- All applicants being recommended for employment are required to submit fingerprints so that an arrest record investigation can be conducted through State and federal law enforcement agencies.
- Applicants are required to disclose on their applications any misdemeanor or felony convictions.
- Offers of employment in the District are contingent upon the satisfactory completion of the investigation.
- Findings in the investigation do not automatically ban you from employment however; it may be the basis for refusing employment. Existing employees may also be required to undergo an investigation for a reasonable cause.

Annual Notice of Employment Status for licensed Employees

- On or before the 15th day before the end of the school year of the existing employment contract, or earlier as may be provided by the State Board of Education Rules and Regulations, the superintendent shall serve written notice of reemployment or termination on each licensed school instructor (teacher, counselor, librarian, therapist, and coordinator, etc.) employed by the Bernalillo Public Schools.
- The notice of reemployment shall be an offer of employment for the ensuing school year.
- A notice of non-renewal shall be a notice of intention not to reemploy for the ensuing school year.
- Failure of the Superintendent to serve a written notice of reemployment or termination on a licensed school instructor shall be construed to mean that notice of reemployment has been served upon the person for the ensuing school year according to the terms of the existing employment contract.
- Each licensed school instructor shall deliver to the Superintendent a written notice of acceptance or rejection of reemployment for the ensuing school year within fifteen (15) days of the following:
 - The date written notice of reemployment is served upon the person; or,
 - The last day of the school year when no written notice of reemployment or termination is served upon the person on or before the last day of the current school year.

Progressive Discipline

- Supervisors may use a number of methods to motivate, correct, and/or discipline employees, including but not limited to verbal warnings, administrative directives, letters of warning, letters of reprimand, suspension with or without pay, and recommendations for termination/discharge, as deemed appropriate in each individual circumstance.
- Progressive discipline may be used to correct employee behavioral or performance problems; however, there may be situations where the severity or seriousness of the offense justifies the

omission of one or more of the steps in this process. Likewise, there may be situations where a disciplinary step is repeated.

- Employees always have the opportunity to respond to disciplinary action in writing to the supervisor or department which notifies the employee of the action within five (5) days of notice of action.

Administrative Leave

- In emergency situations or in situations where the integrity of an investigation may be compromised by the employee's presence, employees may be placed on paid or non paid administrative leave.
- Paid administrative leave is not disciplinary.
- Administrative leave is appropriate when needed to ensure the physical and emotional safety of students and co-workers and to maintain order in the workplace pending an investigation.
- The Superintendent or Designee must pre approve all Administrative Leave.

Termination of Employees (With Less than Three Years' Service (licensed and unlicensed))

- The District may terminate an employee with fewer than three (3) years of consecutive service with THE DISTRICT for any reason it deems sufficient.
- Within five (5) days of notice of termination or non renewal, the employee may request the reasons for the decision.
- The reasons shall be provided within ten (10) working days of the request.
- The reasons shall not be publicly disclosed by THE DISTRICT.
- The reasons shall not provide a basis for contesting the decision under the State School Personnel Act.

Termination of Employees With Three(3) or More Years of Consecutive Service (licensed and non-licensed)

- An employee who has been employed by the District for three (3) consecutive years and who receives a written notice of termination may be terminated only for a reason(s) that is rationally related to the employee's competence or turpitude or the proper performance of duty and that is not in violation of the employee's civil or constitutional rights.
- The employee may request an opportunity to make a statement to the Board of Education and may also request in writing the reasons for the termination action, as provided by law.
- The employee may be granted a hearing before the Board of Education, as provided by law, under the contention that the decision to terminate was made without just cause. If the employee is still aggrieved by the decision of the Board following the hearing, the law provides that an appeal may be made to an independent arbitrator for a *de novo* hearing. The arbitrator shall decide whether there was just cause for the decision to terminate.

Discharge of Licensed School Employees

- A “discharge” is the act of severing the employment relationship of the District with a licensed school employee prior to the expiration of the employee’s current employment contract.
- THE DISTRICT may discharge a licensed school employee for reason that are rationally related to the employee’s competence or turpitude or the proper performance of duty and that is not in violation of the employee’s civil or constitutional rights provided the Superintendent serves a written notice of intent to recommend discharge on the licensed school employee and complies with all other due process requirements set forth in the State Personnel Code.

Short Term Employees

- Nine-month employees hired after the first contract day are officially considered short-term employees.
- A short-term employee’s contract may or may not be renewed at the end of the contract year.
- If short-term employees are not renewed, the short- term employees are eligible to re-apply for any vacant district position.

Voluntary Transfers (Employee Initiated):

- Transfer requests can be made in response to or in anticipation of district vacancies.
- Employees requesting a transfer should submit a BPS *Transfer Request Form* to the Office of Human Resources no later than May 30 of each year.
- As indicated on the transfer form, voluntary transfers require the approval of both the employee’s current supervisor and receiving supervisor.
- Decisions to approve or deny a transfer request will be made in the best interests of the district.
- The employee will be advised on the status of their request as soon as possible.

Involuntary Transfers (employer initiated) .

- At the District’s discretion it may initiate a transfer or reassignment when it determines such action is necessary to meet its operational or educational needs.
- Transfers shall not be initiated arbitrarily, capriciously, or in retaliation against the employee for exercising the employee’ legal or contractual rights. (See BPS – NEA Bernalillo Collective Bargaining Agreement for details on transfer guidelines.)

Resignations

- Licensed employees shall provide the Superintendent with at least thirty (30) days’ notice of the intent to resign.
- Non licensed employees shall provide at least two (2) weeks’ notice of the intent to resign.
- Under extenuating circumstances, the Superintendent may waive these notice requirements.

Exit Interviews and Procedures

- All employees leaving the employment of Bernalillo Public Schools are required to check out through the Office of Human Resources.
- The employee will need to bring keys, and any portable technology equipment issued by the District, such as cell phones, laptops, and iPads.
- Employees leaving the District may meet with the Director of Human Resources for an exit interview, or they may complete the interview via a survey link located on the HR web page. The exit interview is a valuable opportunity to share insights for improvement.

Reduction-in-Force (RIF)

- The Superintendent has the authority to discharge certified school personnel during the term of their contracts or to terminate certified school instructors and non-certified school employees when a reduction in such personnel is required as a result of decreased enrollment, a decrease in revenue, or a revision of educational programs.
- In addition, orders from courts or from the State Board as well as legislative mandates are conditions justifying a reduction in force.
- THE DISTRICT has a formal process by which a RIF would occur whether it is gradual or immediate.
- By the same token, THE DISTRICT also has a plan to recall released staff to fill positions affected by the RIF.
- A detailed description of our RIF policy can be found in the BPS Policy Manual. [BPS Policy 227]

Sexual misconduct is defined as any sexual or romantic contact between any employee and any student of the District.

Sexual misconduct can result in criminal prosecution by law enforcement authorities. In addition, however, THE DISTRICT has an independent process for receiving and investigating charges of misconduct by employees and for taking the appropriate action against those involved in such misconduct.

All employees, as part of their regular duties, should be watchful of the welfare of students, particularly with respect to circumstances that suggest victimization of students by school employees. All reports of possible sexual misconduct against students by school employees will be promptly and fully investigated by the administration.

Duty to Report Information

- All employees of the district, including counselors, shall report to their building principal any information from any source concerning a threat or potential threat to the welfare of a student, including any information concerning sexual misconduct..
- In the event the employee implicated by the information is the building principal, then such a report shall be made to the Superintendent.
- If the Superintendent is implicated, the report shall be made to a member of the school board.

Employee Assault

THE DISTRICT acknowledges the need for you to perform your duties in a safe, secure and non

threatening atmosphere. Assault of you or another person on school property is possible.

Assault is:

1. An attempt to commit a battery upon the person of a school employee while he is in the lawful discharge of his duties; or
2. Any unlawful act, threat or menacing conduct which causes a school employee while he is in the lawful discharge of his duties to reasonably believe that he is in danger of receiving an immediate battery.

You are not expected to tolerate, while on duty, physical or verbal assault by any person. You are permitted to use reasonable force to repel a physical assault if necessary.

Violent and Aggressive Conduct

- Violence or aggression will not be tolerated in the District. This is inconsistent with THE DISTRICT's mission of instilling respect, self-control, and personal discipline on students.
- Employees must strictly avoid the threat of violence, other forms of physical harassment or intimidation.
- If you are involved in or witness violent and aggressive conduct by school employees, you should report such acts to the immediate supervisor who will then take action as required.

Acts of Violence or Vandalism

All employees have a mandatory, nondiscretionary duty to report known or suspected alcohol or drug use or abuse of the district.

- New Mexico law (NMSA 22-5-4.4) requires that if you know or in good faith suspect any student of using or abusing alcohol or drugs you must report this to a supervisor or an administrator. As long as your report is made in good faith, you will be immune from civil damages for your action.
- It is not your duty to conduct an investigation to determine whether the student identified has in fact used or abused drugs or alcohol. The duty to investigate is upon the principal, provided that you cooperate with responsible school officials during the course of any investigation.

Child Abuse and Neglect

All employees have a mandatory, non discretionary duty to report known or suspected abuse or neglect of a child. It is not your duty to conduct an investigation to determine whether the child identified has in fact been abused or neglected. - C. It is the express policy of the Board of Education to encourage victims of sexual harassment to come forward with such claims.
1. Employees who feel that administrators or supervisors are conditioning promotions, increases in wages, or continuation of employment upon agreement to unwelcome conduct of a sexual nature, are encouraged to report these conditions to the appropriate administrator, including members of the Board of Education. If the employee's direct administrator or supervisor is the offending person, the report shall be made to the next higher level of administration or supervision.
 2. Employees are also urged to report any unwelcome conduct of a sexual nature by supervisors or fellow employees if such conduct interferes with the individual's work performance, or creates a hostile or offensive working environment.
 3. Confidentiality will be maintained and no reprisals or retaliation will be allowed to occur as a result of the good faith reporting of charges of sexual harassment.

APPENDIX F – Pandemics and Infectious Diseases

DISTRICT EXPECTATIONS

The safety of our students and staff is paramount for THE DISTRICT; therefore, THE DISTRICT of Bernalillo Public Schools will follow the recommendations from the United States Center for Disease Control and from the New Mexico Public Education Department. As this guidance is often updated depending on local conditions, expectations for staff and student compliance will be communicated out from the District Office.

It is expected that all staff will study and abide by district guidance as it is issued. Questions regarding the application or interpretation of the guidelines should be submitted to your immediate supervisor. Failure to follow district-communicated guidelines and expectations may result in discipline.

APPENDIX G – Professional Boundaries

STAFF/STUDENT PROFESSIONAL BOUNDARIES

EXPECTATIONS

All staff are required to maintain appropriate professional, moral, and ethical relationships in their conduct with students and shall serve as positive role models for students at all times, whether on or off Bernalillo Public School District property, both during and outside of school hours. The Bernalillo Public School District encourages healthy relationships between students and staff members that promote student achievement and success. At the same time, clear and reasonable boundaries for interactions between students and staff members are necessary to protect students from sexual misconduct and abuse and to protect staff members from misunderstandings and false accusations. In particular, a teacher is in a position of trust and power. A teacher's actions must always be guided by the principle of what is in the best interests of the students.

All staff have a responsibility to provide and support an atmosphere conducive to learning through consistent and fairly applied discipline and the maintenance of professional physical and emotional boundaries with students. These boundaries shall be maintained regardless of the student's age, the perceived consensual nature of the relationship or activity, the location of the activity, or whether the staff member directly supervises the student. For staff members whose children are students in the Bernalillo Public School District, this Policy is not intended to violate or otherwise intrude upon the usual parent/child or other family relationship. However, the existence of a parent/child or other family relationship does not supersede the staff member's duty to attend to his or her professional responsibility to serve the interests of the School District, its student population and the local community. Should the staff member believe that these duties are in conflict, he or she shall discuss it with his or her supervisor to resolve the issue.

Personal contact between students and staff must always be professional, non-sexual, appropriate to the circumstances, and unambiguous in meaning. A boundary invasion is an act, omission, or pattern of behavior by a staff member that does not have an educational purpose and either abuses or compromises the staff/student professional relationship or has the potential to abuse or compromise the staff/student professional relationship.

Staff members shall establish and maintain appropriate personal boundaries with students and not engage in any behavior that is prohibited by law, regulation, or this Procedure or that creates the appearance of prohibited behavior. All staff shall be required to maintain professional and ethical relationships with Bernalillo Public School District students that are conducive to an effective, safe learning environment. This Procedure addresses a range of behaviors that include not only obviously unlawful or improper interactions with students, but also precursor grooming and other boundary -blurring behaviors that have the intention or effect of leading to more egregious misconduct.

It is the responsibility of the Bernalillo Public School District's staff to maintain a professional relationship with students and their families, and staff members have a responsibility to report to the Bernalillo Public School District's principal, human resources, or to any other appropriate administrator when they suspect, recognize or observe the development of, or suspicion of the development of non- professional or potentially inappropriate personal relationships with students and/or their families.

DEFINITIONS

- **Duty of Care** – A common law concept that refers to the responsibility of staff to provide children and young people with an adequate level of protection against harm. It is usually expressed as a duty to take reasonable care to protect children and young people from all reasonably foreseeable risk or injury.

- **Electronic Communications** – A communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular telephone, computer, computer network, personal data assistant, or pager. Electronic communications include, but are not limited to, emails, texts, instant messages, and communications made by means of an Internet website, including social media and other networking websites.
- **Hazing** - Any action intentionally or recklessly taken or situation intentionally or recklessly created through which individuals are forced to perform, participate in or endure actions which endanger the mental, physical, or academic health or safety of a student. This may include, but not be limited to such actions which result in physical injury, assault or battery, kidnapping or imprisonment, intentionally placing a student at risk of mental or emotional harm, degradation, humiliation, intimidation or coercion, the compromising of moral or religious values, forced consumption of any liquid or solid, placing an individual in physical danger or at risk, or impairment of or interference with physical liberties or academic endeavors.
- **Inappropriate Boundary Invasion** – An act, omission, or pattern of such behavior by a school employee or other adult that invades or is designed to result in an invasion of a student’s physical or emotional boundaries, does not have a legitimate educational purpose, and results in abuse of the staff/student professional relationship.
- **Legitimate Educational Purpose or Reason** – Matters or communications related to teaching, counseling, athletics, extracurricular activities, treatment of a student’s physical injury or other medical needs, school administration, or other purposes within the scope of the staff member’s job duties, including performing a task specified in his or her position description or contract agreement, a task related to a student’s education or to discipline of a student, providing a service or benefit related to the student or student’s family, or maintaining the safety and security of the school community.
- **Professional Boundaries** – appropriate professional, moral, and ethical relationships with students that have a legitimate educational purpose or reason on or off Bernalillo Public School District property, both during and outside of school hours.
- **Staff** – For purposes of this Policy, the term “staff” is defined to include all Bernalillo Public School District employees, including but not limited to all administrators, counselors, teachers, nurses, librarians, student support specialists, support staff, non- instructional staff, coaches, employees of virtual school programs, to include but not be limited to distance learning, online programs, and vendors and/or independent contractors providing instructional services to, or who may have direct, unsupervised contact with students, as well as all student teachers, interns, practicum students, volunteers, volunteer coaches, and community members.

This Procedure applies to Bernalillo Public School District employees, volunteers, student teachers, and independent contractors and their employees who interact with students, are present on school grounds and who may have unsupervised access to students.

Independent contractors doing business with the Bernalillo Public School District will ensure that their employees who have direct interaction with, or unsupervised access to students, or are present on school grounds, are informed of the provisions of this Procedure and complete a criminal background check process which complies with NMSA 1978 Section 22-10A- 5.

This Procedure is not intended to interfere with appropriate personal or family relationships between staff and

students and their families that exist independently of the Bernalillo Public School District, nor to interfere with participation in civic, religious or other outside organizations that include Bernalillo Public School District students.

The interactions and relationships between staff and students should be based upon mutual respect and trust, an understanding of the appropriate boundaries between staff and students in and outside of the educational setting, and consistency with the educational mission of the schools.

Staff will not intrude on a student's physical and emotional boundaries, unless the intrusion is necessary to serve an educational, physical, mental, and/or emotional health purpose or to prevent an immediate risk of injury or harm to the student.

Staff shall use good judgment in their relationships with students beyond their work responsibilities and/or outside the school setting and shall avoid excessive informal and social involvements with individual students. Any appearance of impropriety should be avoided. Intimate relationships between staff and students are prohibited. In addition to regular classroom instruction and extracurricular activities, appropriate occasions when staff may interact with students beyond the school day include before and after care, tutoring to improve students' academic skills, mentoring that provides students with positive role models, and hosting school-sanctioned or school-sponsored activities and events that reinforce positive behaviors.

Tutoring and mentoring are only allowed when part of a regular school program. Volunteers on Bernalillo Public School District property must be under the supervision of a Bernalillo Public School District staff member at all times.

During school-related or instructional- related events during non- school hours, staff must maintain the ethical standards applicable to their professions.

MANAGING PROFESSIONAL BOUNDARIES

Working in local communities - Staff working in local communities face additional challenges in managing professional boundaries. They are more likely to have social relationships with the parents/guardians of the children and young people with whom they work and are, therefore, more likely to share social and sporting events or membership at various community clubs or associations.

This means they will have legitimate reasons, on occasion, to attend social events with the children and young people with whom they work, and/or to visit their homes or to be visited by them in the company of their parents/guardians. These social engagements are an important part of community life and a positive contribution to the wellbeing of staff working in local communities.

Following the advice below will assist staff to enjoy these social engagements without compromising their professional responsibilities. The guiding principles in managing these situations are that:

- Social contact should be generated via the relationship the staff member has with the parents/guardians of children and young people or by an event, such as a sporting event.
- Staff should avoid being alone or in unsupervised settings with children and young people in these situations.
- Staff should conduct themselves in a way that will not give others reason to question their suitability to work with children and young people, and that will not create fear, discomfort, humiliation or intimidation for children and young people in their professional relationships with them.
- Consuming alcohol in these situations may lessen a staff member's capacity to judge when a professional boundary is at risk.

- Staff should politely refuse to discuss matters relating to the workplace and should not discuss children and young people's learning or social progress, other than at times specifically set aside for that purpose.

Any concern a staff member has about whether or not a situation may be compromising or breaching a professional boundary should be reported to the principal, human resources or any other appropriate administrator and an approved plan of action developed, implemented and monitored.

REPORTING VIOLATIONS, INAPPROPRIATE OR SUSPICIOUS CONDUCT

Staff members are required to immediately notify the principal, human resources or any other appropriate administrator if they become aware of a situation that may constitute a violation of the law or this Policy. This obligation is in addition to the statutory responsibility to report suspected abuse and neglect under the law as implemented by Policy JLF, "Child Abuse Neglect and Reporting," or its equivalent.

Students and their parents/guardians are strongly encouraged to notify the principal, human resources or any other appropriate administrator if they believe a staff member may be engaging in conduct that violates the appropriate boundaries as specified in this Policy, puts a student at risk or which may violate the law.

Anonymous complaints involving inappropriate boundary invasions by staff members with students will be investigated as if a student, parent, or staff member reported the violation.

INVESTIGATION

Allegations of inappropriate conduct shall be promptly investigated in accordance with the procedures utilized for complaints of harassment. It is understood that some reports made pursuant to this Procedure will be based on rumors or misunderstandings; the mere fact that the reported staff member is cleared of any wrongdoing shall not result in disciplinary action against the reporter or any witnesses. If as the result of an investigation any individual, including the reported staff member, the reporter, or a witness is found to have intentionally provided false information in making the report or during the investigation or hearings related to the report, or if any individual intentionally obstructs the investigation or hearings, this may be addressed as a violation of this Procedure and other applicable laws, regulations and Bernalillo Public School District policies.

Obstruction includes but is not limited to violation of "no contact" orders given to the reported staff member, attempting to alter or influence witness testimony by threat or intimidation, and destruction of or hiding evidence. Intimidation of a witness is a violation of the NM Criminal Code and is required to be reported to appropriate law enforcement authorities immediately upon discovery.

DISCIPLINARY ACTION

A violation of this Procedure by a staff member may result in disciplinary action up to and including discharge or termination of employment. In the case of termination of employment for sexual misconduct or abuse, the Bernalillo Public School District will notify the New Mexico Public Education Department.

Consistent with the Public Education Department guidelines, the Bernalillo Public School District shall disclose to districts or schools seeking references any formal reprimands or dismissals for violating this Policy, even if the staff member resigned prior to the conclusion of the investigation.

RETALIATION

Retaliation against students or staff members who report an improper staff/student relationship or participate in any related proceedings is prohibited. Appropriate action will be taken against students or staff members who retaliate against any student or staff member who reports alleged harassment or participates in related proceedings.

INAPPROPRIATE BEHAVIOR INITIATED BY A STUDENT

In the event that a student initiates inappropriate behavior toward a staff member, the staff member must immediately document the incident and report it to the principal, human resources or any other appropriate administrator. If applicable, the appropriate administrator will intervene and speak with the student and the student's parent/guardian about the alleged inappropriate behavior, and implement necessary follow-up discipline or guidance.

TRAINING

The Bernalillo Public School District shall provide annual training with respect to the provisions of this Procedure to current and new Bernalillo Public School District staff and school board members who interact with students or routinely work on school grounds as part of their work for the district.

The Bernalillo Public School District, at its sole discretion, may require independent contractors and their employees who interact with students or are present on school grounds to receive training on this Procedure and related procedures, including providing them with this Procedure. Contracts with virtual school programs and other vendors providing instructional services to students will include a requirement that those staff members will comply with this Procedure.

DISSEMINATION OF PROCEDURE

This Procedural Directive will be included on the Bernalillo Public School District's website and in all employee, student, parent, and volunteer handbooks.

EXCEPTIONS

An emergency situation or a legitimate educational reason may justify deviation from professional boundaries set out in this Policy. The staff member shall be prepared to articulate the reason for any deviation from the requirements of this Policy and must demonstrate that s/he has maintained an appropriate relationship with the student.

Under no circumstance will an educational or other reason justify deviation from the "Romantic and Sexual Relationships" section of this Policy.

Nothing in this Policy statement shall set aside, void, or offend any existing state laws and school policies relating to the topics covered herein. Rather this Policy statement shall serve as a supplement to such existing authority.

WORK RULES / REGULATIONS

Working one-on-one with children and young people - The following summary of expectations applies to all situations where staff are providing one-on-one learning assistance or feedback, behavior assistance/monitoring, counseling, testing and/or assessment.

Make it Public	<ul style="list-style-type: none"> ● The more visible and/or public the location the better. ● Use the Bernalillo Public School District’s authorized IT systems. ● Do not use personal email, electronic communication, websites, and/or social media platforms to communicate with students.
Make it Authorized	<ul style="list-style-type: none"> ● Parents/guardians should be informed and give consent. ● Activity must be authorized by an appropriate administrator.
Make it Timely	<ul style="list-style-type: none"> ● Provide support during normal work hours. ● Do not conduct excessively long sessions.

Managing privacy expectations - Bernalillo Public School District staff rely in different ways on being able to provide a degree of privacy for students. This may be to protect the student’s dignity, to provide an environment conducive to the service/assessment being provided or to respect the student’s desire for confidentiality.

Children and young people will often assume a high level of confidentiality when disclosing serious issues of a personal nature or reporting harassment or bullying. For these reasons, staff need to find a careful balance between respecting the sensitive and private nature of counseling or service provided and the professional’s duty of care obligations for the safety and wellbeing of the student. Good practice in managing these circumstances is the following:

- Health/physical care should be provided with respect for the student’s dignity and in a manner approved by the student and his/her parents/guardians.
- Counseling should be provided in unlocked rooms with part-glass doors, where possible, that are located near staff traffic areas.
- Avoid out of hours contact.
- While parental consent is often not applicable in many counseling situations, the Bernalillo Public School District will provide all parents/guardians with written information about the school’s counseling services which outlines confidentiality and privacy issues.
- Ensure student appointments and counseling notes are documented properly, while preserving appropriate levels of confidentiality.

Conducting home visits - Staff must ensure they follow the specific home visiting protocols that apply to the Bernalillo Public School District. The key principle is that a home visit should place no one at unreasonable risk and that identified minor risks are consciously managed. A summary of general expectations is provided below.

Inform	Home visits must be authorized and documented by the administration and the Bernalillo Public School District must have information about when and where visits are being undertaken and the expected departure and return times.
Prepare	<ul style="list-style-type: none"> ● All available information about the safety of the proposed visit must be considered and risks managed. ● Mobile phones must be taken and Bernalillo Public School District ID should be visible. ● Parents/guardians are to be notified in advance of the intended visit.

Protect	<ul style="list-style-type: none"> ● Do not enter the house if parents/guardians are not at home. ● Speak with the student where the parent/guardian is present or clearly visible. ● Do not interview or interact with students in bedrooms or other locations not conducive to the purpose of the visit. ● Have a colleague accompany you if problems are anticipated. ● Document the visit.

APPEARANCES OF IMPROPRIETY

The following activities are boundary invasions and can create an actual impropriety or the appearance of impropriety. Whenever possible, staff should avoid these situations. If unavoidable, these activities must be pre-approved by the appropriate administrator. If not pre-approved, the staff member must immediately report the occurrence to the principal, human resources or any other appropriate administrator.

The Bernalillo Public School District supports the use of technology to communicate for educational purposes. However, Bernalillo Public School District employees acting in their Bernalillo Public School District capacity are prohibited from inappropriate online socializing, phone calls, texting, skyping, instant messaging, or use of any other telecommunications device, or from engaging in any conduct that violates the law, Bernalillo Public School District policies or other generally recognized professional standards. Employees must conduct themselves in ways that do not distract from or disrupt the educational process. Timelines (following the procedures found in ACA-RA)

The discrimination report or a formal complaint must be filed within thirty (30) calendar days after the complaining party knew or should have known that there were grounds for a complaint/grievance.

Once the grievance report has been received, the grievance form provided by the District is to be completed within one (1) working day, if possible. The Title IX Coordinator shall require the immediate supervisor or site administrator to investigate and respond in writing to the complaining party within ten (10) working days of obtaining the information in the form ACA-E, so far as was possible.

If the complainant is not satisfied with the actions taken by the administration as indicated in the response and efforts to alleviate the discrimination alleged, the complainant will have ten (10) days within which to submit a written objection, including a statement of the reason for their objection, to the Superintendent.

The Superintendent will have ten (10) additional working days to respond in writing to the complaining party

regarding the objection.

If the complainant or respondent is not satisfied with the Superintendent's response and efforts to alleviate the discrimination alleged, establish responsibility or dismiss any allegations, the complainant or respondent will have ten (10) days within which to submit a written objection to the Board based on one of the following:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The Board will then review the record of the investigation and have thirty (30) days to respond to the complaining party in writing.

Extension or Delay Request

Either the person who reported or the District may request a temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action.
